

# HIDDEN DOOR GRADUATE SUPPORT NETWORK

**Hidden Door is launching an initiative to support art graduates from 2020 and 2021 who have been denied a crucial opportunity of a physical degree show due to the circumstances around the Covid-19 pandemic.**

**Hidden Door is committed to supporting emerging artists and invites graduates from 2020 and 2021 across Scotland to join our Graduate Support Network by simply submitting a profile.**

**The Support Network aims to provide the following opportunities:**

AN OPPORTUNITY TO BE INVOLVED IN HIDDEN DOOR 2021  
15th-19th SEPTEMBER

# Or

**We are creating a number of paid opportunities for graduates whose work is suitable to be exhibited outdoors as part of the next Hidden Door festival which will take place on an outdoor site in Edinburgh from 15-19 September 2021**

**As circumstances and restrictions due to Covid-19 may change as we plan the festival, a wider range of opportunities may become available.**

AN OPPORTUNITY TO BE INVOLVED IN HIDDEN DOOR 2022

# 02

**Hidden Door plans to return to a full 10-day festival using both indoor and outdoor spaces and will be able to accommodate a broader range of works and creative projects, offering paid opportunities for recent graduates to develop their practice in a festival setting.**

# 03

**Hidden Door is constantly developing its use of digital platforms to create opportunities for emerging creative practitioners beyond the annual festival. Paid opportunities will be available for graduates to share their work with a new and expanding audience throughout the year through participation in live streams, digital residencies and online features.**

# 04

COLLABORATIONS

**Hidden Door is looking for graduate artists who are interested in participating in inter-disciplinary collaborative projects that will be developed throughout the year and showcased at Hidden Door 2022.**

05

SOCIAL EVENTS + BUILDING NETWORKS

**Hidden Door will  
support artists and  
enable them to meet  
and connect with  
one another through  
physical events and  
digital platforms.**

# 09

**There will also be extra opportunities...**

**Hidden Door will connect artists with opportunities beyond the work of Hidden Door itself, such as opportunities provided by other, similar organisations. Hidden Door will provide information to its graduate network, and will match graduates to opportunities for partner organisations where appropriate.**
